## Experience

### Logistics and Fulfillment Coordinator

October 2024 - Present

*Sugar Splash*

*Salt Lake City, UT*

- Independently managed shipping and supply logistics at growing supplement company, scaling from 5 daily orders upon hire to 50+ daily orders
- Systematized order shipping procedure by designing process/pick/pack/ship system and codifying it in internal SOPs
- Managed supply inventory levels by monitoring stock and coordinating reorders with suppliers to ensure shipping ran efficiently and without bottlenecks
- Oversaw company Amazon inventory and facilitated Amazon FBA product builds+shipments to prevent stockouts

### Technical Assistant

March 2024 - September 2024

*University of Utah Center for High Performance Computing (CHPC)*

*Salt Lake City, UT*

- Developed Bash code to automate the setup of new PDUs in data center, leading to reduction of setup time from hours to minutes
- Utilized Golang to develop a testing API with multiple endpoints to thoroughly test PDU scripts before deploying them to production
- Studied technologies used by the organization such as SNMP, Grafana, Prometheus, Bash, Linux
- Wrote detailed technical documentation using Markdown and SharePoint for projects I worked on

### Junior Systems Administrator

June 2022 - March 2024

*University of Utah Marriott Library*

*Salt Lake City, UT*

- Managed updates, software installation, device replacements, and device troubleshooting for fleet of 1000+ Apple computers using Jamf, Bash scripts, Python, Docker, and hands-on troubleshooting
- Provided MacOS technical support to 700+ users by assisting with tasks such as software/hardware troubleshooting, development environment setup, and network configuration
- Authored technical documentation on Confluence for topics like virtual environment configuration, device tracking, IDE setup, and troubleshooting protocols, to promote effective team collaboration
- Trained and taught new team members the skills, tools, and procedures used by my team

## Certifications

### AWS Solutions Architect - Associate

In progress (September 2025)

## Education

### Bachelor of Science, Computer Science

December 2026

*University of Utah*

*Salt Lake City, UT*

- **Courses:** Computer Networks, Advanced Computer Networks (5G), Functional Programming, Computer Security, Data Structures, Algorithms, Software Practice I & II, Statistics I & II
